

Side stand foot enlargement

Feel safer parking your bike on dirt or asphalt with a side stand foot enlargement. More than 100% bigger contact area. Made of high-quality aluminium. Black anodized. Easy to install.

Also referred to as side stand enlarger, side stand base extension, side stand surface extension, kick stand extension, side stand enlarger. Image 4 shows the higher version. It is article no. 0715 combined with article no. 0715-20. This one is about 20mm high (10mm can easily be screwed on or off) and makes your bike standing straighter which means you need much less power in order to make it ready for driving (especially when you ride with luggage)

Doesn't fit for the lowered version of the R1200GS!

Attention: The side stand heightening 0715-20 can only be mounted in combination with the side stand extension 0715!

Art-Nr.: 0713	49,90 EUR
