

Universal Bag for Aluminium Case

This clever and water-repellent bag is very useful on offroad trips - it effectively prevents the tools or other heavy objects from sliding around in the case. Besides tools and other objects, you can also pack your rain outfit and food for the trip into the case.

The volume of this extremely robust toolcase can be doubled with a simple zipper and the case fits perfectly on the aluminium cases and the R1200GS Adventure Case. The bag also fits on the luggage racks of many Enduro models.

A small luggage net make this case a multi-talented must-have.

The piping color may vary: silver-gray / silver-gray-black.

However, if you order two universal bags, you will receive two identical bags with the same piping color.

The universal bag is available in two sizes (different widths).

Dimensions 0551295: L x W x H in cm: 40 x 20 x 12/24

Dimensions 0551297: L x W x H in cm: 40 x 23 x 12/24
