

Map pouch

This map pouch is perfect for the rider that doesn't want the cluttering of a tankbag or for the short-trip-rider using saddlebags. With four strong vacuum cups, this pouch adapts to any contour of the tank and can be stored in the smallest of compartments for easy accessibility. Size: 22 x 31cm (8.66 x 12.20 inches)

The vacuum cups are very strong and it's no problem to ride over 200 km/h (125 mph)!

Art-Nr.: 80050

29,90 EUR
