

National Cycle RainZip Rain Repellent

Available in a 3-oz. size with application cloth - enough to keep your windshield rain-free for a long time.

To keep your windshield clearer in rainy weather, National Cycle developed RainZip®, a specially formulated rain repellent treatment that is safe to use on your Quantum™ hardcoated National Cycle Windshield (VStream®, Wave®, SwitchBlade® or Heavy Duty™). And, it's safe to use on ANY motorcycle windshield, plus helmet faceshields and goggles.

RainZip is hydrophobic -- when rain accumulates on your windshield, RainZip will cause it to effectively bead up and blow away, even at riding speeds of only 20-30 MPH.

RainZip will give you a clearer view of the road ahead... especially when it's wet!
