

Lowering-Kit

Our Lowering-Kit make sure that you can stand with both feet proper on the ground. Your motorcycle will be lowered to an ergonomic better seating position. Riding makes much more fun when you can touch the ground with both legs.

For:

BMW R1200GS Adventure (Typ R12) 2006-2013

30mm lower, with EU street homologation.

Attention: Does not fit for models with ESA (electronic suspension adjustment)!
