

Cable connector set

Allows the connection of up to 5 terminals to the battery terminal. With a collecting screw the terminals of different consumers (sockets, flash warning light, electronic protector, indicator reminder, handle heating) are summarized and connected to the battery.

For isolation, there are 2 plastic housings. Fuse and holder are included.

- For max. 5 ring terminals
- Fuse 7,5 A

Dimensions:

L / W / H: ca. 33 x 25 x 8 mm

Cable: ca. 110 mm

Ring connector: ca. 8 mm

Art-Nr.: ES03

10,50 EUR
