

Retro Infill Panels

These retro infill panels for your BMW RnineT, RnineT Scrambler, Racer, Pure & Urban G/S are made of aluminium and are a true highlight on your motorcycle. The side covers combine functionality and a trendy retro design by protecting the driver as well as the motorcycle against dirt and splash water and giving a special classical look to your BMW. This retro look can even be intensified by using the optional sticker set which comes with the shipment.

Shipment includes a set for the left and the right side.
