

Ignition cable set

This high-quality ignition lead set fits BMW K100, K100RS, K100/2, K100RT & K100LT and contains silicone ignition leads and silicone plugs with SAE spark plug connection. These ignition cables are catalyst-approved, as all cable connections are firmly connected and the catalytic converter is better protected. No more laborious work with wood screws in the spark plug socket. The spark plug sockets are suppressed with 5 Kohm. The set also contains 4 pieces of SAE nuts for using NGK spark plugs.

Attention: The silicone plugs must be treated with special grease every time they are assembled. This ensures easy dismantling.

Fits for:

BMW K100, K100RS, K100/2, K100RT & K100LT

Compare original BMW part no. 12 12 1 459 183 / 12 12 1 459 184 / 12 12 1 459 185 / 12 12 1 459 186 / 12 12 2 305 041 / 12 12 2 305 042 / 12 12 2 305 043 / 12 12 2 305 044.

Attention: Once the parts have been installed, they cannot be returned!

Silicone spark plug connectors should be treated with special grease (see article no. KSF01) every time they are installed, as this ensures easy disassembly.
