

## Bulb Instrument Lighting 12V/2W

**161303**

Bulb Instrument Lighting

12V/2W Base BA7s

Compare BMW article number: 07119978279

Note: When replacing the bulbs, never touch the glass part with your fingers, as fat residues may break the glass and shorten the life expectancy of the bulb.

When installing the new bulb, use clean cloth gloves and, as far as possible, only touch the base of the bulb!

ATTENTION: Before ordering, it is imperative that you dismantle the bulb that needs to be changed and look carefully at the technical information on this bulb. Then please order exactly such a bulb again. Otherwise there is a risk that you will order the wrong light bulb. BMW has always installed several different bulbs in the speedometers.

Art-Nr.: 161303

4,90 EUR

Bulb 12V/2W (2 pieces)
