

## Rim well stickers

Give your motorcycle a visual highlight with our rim well stickers with the motorcycle type designation F900GS!  
Suitable for BMW F900GS models with spoke rims.

3 segments (each 250mm long, 21mm wide) for the 21-inch front rim

2 segments (each 400mm long, 46mm wide) for the 17-inch rear rim

The distance between the segments on the rims can be freely selected. Depending on how you like it better, the rim stickers can be attached so that they can be read from either the left or the right.

The stickers can be made in different colors. Please request your color preference by email.

Important: Please only order these stickers if you already have experience with stickers and processing foils.  
Alternatively, you can of course have the stickers applied by a specialist.
