

## Touring windshield

**22268W**

For long distance rides the Touring series was developed to minimize the windblast against the rider. These screens raise the windblast for several centimeters, allowing the rider to keep a more comfortable position riding the motorcycle.

Also referred to as windscreen, windshield, shield, screen.

570 x 515 mm

Fits both models with and without electric windshield adjustment and both models with and without Active Cruise Control / radar. Compatible with the Enduro package.

With European street homologation.

Cannot be used in combination with handle protection 421265320001 (unless the handlebar riser 42915 is used additionally)!
